

You have learnt about decimal numbers in the earlier classes. Let us briefly recall them here. Look at the following table and fill up the blank spaces.

| <b>Hundreds</b><br>(100) | <b>Tens</b><br>(10) | <b>Ones</b><br>(1) | <b>Tenths</b><br>$\left(\frac{1}{10}\right)$ | <b>Hundredths</b><br>$\left(\frac{1}{100}\right)$ | <b>Thousandths</b><br>$\left(\frac{1}{1000}\right)$ | <b>Number</b> |
|--------------------------|---------------------|--------------------|--|---|---|---------------|
| 2                        | 5                   | 3                  | 1  | 4   | 7   | 253.147       |
| 6                        | 2                   | 9                  | 3  | 2   | 1   | .....         |
| 0                        | 4                   | 3                  | 1  | 9   | 2   | .....         |
| .....                    | 1                   | 4                  | 2  | 5   | 1   | 514.251       |
| 2                        | .....               | 6                  | 5  | 1   | 2   | 236.512       |
| .....                    | 2                   | .....              | 5  | .....   | 3   | 724.503       |
| 6                        | .....               | 4                  | .....  | 2   | .....   | 614.326       |
| 0                        | 1                   | 0                  | 5  | 3   | 0   | .....         |

2. Express as rupees using decimals :

- (i) 7 paise      (ii) 7 rupees 7 paise      (iii) 77 rupees 77 paise  
(iv) 50 paise      (v) 235 paise.

3. (i) Express 5 cm in metre and kilometre      (ii) Express 35 mm in cm, m and km

4. Express in kg:

- (i) 200 g      (ii) 3470 g      (iii) 4 kg 8 g      (iv) 2598 mg

5. Write the following decimal numbers in the expanded form:

- (i) 20.03      (ii) 2.03      (iii) 200.03      (iv) 2.034
